It took but a glance at the cavalry veterans in yesterday's parade to demonstrate the fact that the war has been over more than thirty-one years. In no other divithan thirty-one years. In no other division was this fact so patent. Some of the camps had a few, and others had many, but nowhere else in the line were nged men so largely in the majority. Another evidence of the flight of time was the fact that in many instances one man would be the only representative of his regiment or company.

Mr. Ward was born in Culpeper county Mr. Ward was born in Culpeper county 70 years ago, and was trained to the law. He was practicing in this city, and on occasions helping his newspaper friends with their work when the war broke out. He was commissioned a captain in the Confederate army, and for three years or more was connected with the management of "Castle Thunder." This was a

ment of "Castle Thunder." This was a military prison, in which were confined deserters, spies, and some guilty of less heinous offences, who had been sentenced to imprisonment by courts-martial.

Mr. Ward was a kind-hearted man, and was able to be of great service to those who came into his custody. His position also enabled him to make the acquaintance of many of the most prominent Conference and his memory was stored

also enabled him to make the assument confederates, and his memory was stored with a rich collection of reminiscences concerning them.

The war over, Mr. Ward resumed the practice of law here, and so continued until he was elected tiffstaff of the Supreme Court of Appeals, a position which he had held for a great many years and up to the time of his death. He had a wide acquaintance with the lawyers of the State, nearly all of whom called him Bob, and with whom he was very popular. Upon the recent reorganization of the court there were many applicants for his position, but his personal popularity and his record as a competent and obliging officer stood him in good stead, and

public is indebted to him for many chapters of local history.

In this field he was an interesting and useful writer, and if his writings could be compiled and published in one volume we should have a very valuable book relating to our city's past history. And in this week's New York Independent there is a valuable and readable three-column letter from him descriptive of past Fourth-of-July celebrations here. The Dispatch has in type an article from his pen concerning the life of General John H. Winder, who was long the Confederate provost commander here.

The news of the death of Bob Ward will shock many people in all sections of this State, for he was an amiable, helpful, and interesting man. He had talents, too, and his stock of general information was very large. He was never married, but he has many near relatives, by whom he was dearly loved. Grand Lodge Meeting.

When the Grand Lodge of Virginia, A. F. and A. M., assembled in the Temple at 11 o'clock yesterday, there were present representatives from all the Richmond lodges, and from all parts of the grand jurisdiction, in all numbering about 390. After the Grand Lodge had been opened in ample form Grand-Master Fitzgerald called special attention to the number of distinguished Masons who were on the platform from other grand jurisdictions, and, calling each by name, they were received and greeted with the grand honors. These gentlemen were past-Grand-Master Robert White, West Virginia; Past-Grand-Master Wilbur F. Foster. Tennessee: Past-Grand-Master J. Adger Smythe, of South Carolina; Past-Grand-Master George H. Packwood, of Louisinna; Grand-Secretary J. L. Power, Mississippi. The remarks by each were condially applicated. Past-Grand-Master Revery R. Wellford responded in happy style to the several addresses. Past-Grand-Master Robert E. Withers as he entered the hall was received in enthusiastic style, and acknowledged the compliment in very happy terms. The procession was then formed—the grand officers and special guests in carriages—and took its place in the procession to Monroe Park. the number of distinguished Masons who

Rosser and Miller.

General Thomas L. Rosser lectured last night to a good audience for the benefit of the Battle Abbey. "The Army of Northern Virginia and the Hattles in Which I Participated" was his subject, and from the beginning to the close of his interesting talk the attention of the audience was held closely. The fliustrations of famous army leaders, battle scenes, and noted men of the South were extremely good, and were greeted by enthusiagatic applause.

The Polk Miller matinee takes place today at 2 P. M. at the Academy of Music for the benefit of the J. E. B. Stuart monument fund. The Academy was packed last Tuesday night, and it is in response to a general request that Mr. Miller will repeat his excellent performance this afternoon. Captain Frank Cunningham has volunteered to sing, and the Imperial Quartette will render several of their negro songs.

The largest crowd that has yet seen "Herculaneum" was present last night, and the grand spectacular production thoroughly pleased the large assemblage. The fireworks at the conclusion of the performance were the best yet given. A likeness of President Davis was one of the set pieces, and as the features of the great southerner beamed forth the band played "Dixie." and the large crowd yelled itself hoarse. To-night and to-merrow night will be the last opportunities to see "Herculaneum." The admission has been reduced for these two nights.
